GALENE

Clean Water Every Tap Every Time

G–COMBO SALT SERIES

GALENE's G-Combo Salt Series combines whole-home filtration and salt-based water softening:

- Particulate filter
- Carbon filter
- Salt-based water softener
- Optional ultraviolet (UV) system

Benefits:

- Smooth, silky feel
- Helps reduce water spots
- Softer, cleaner-feeling laundry
- Helps reduce exposure to unwanted water contaminants
- Improves water clarity, taste, and odor
- Saves water and energy
- Reduces calcium and magnesium scale buildup in water heaters, pipes, and other heating devices
- Optional UV helps reduce microorganisms without adding chemicals to the water
- **KDF-55:** Placed in the carbon tank's top basket to help reduce chlorine and certain heavy metals, control bacterial growth within the media, and extend carbon life.

Reduces:

- Dirt / rust / sediment
- Chlorine / chloramines
- Unwanted color / taste / odor
- Pesticides and insecticides
- Volatile organic compounds (VOCs)
- Scale buildup
